As part of HP's continuous value delivery and portfolio update, HP Large Format Business Unit has introduced the new **HP 833 Latex Maintenance Cartridge** and **HP 838 Latex Maintenance Cartridge**, with 50% more cleaning cloth and an Ink Collection Unit (included in the consumable).

Both new Maintenance Cartridges functionality is complemented with the new **HP 833/838 Latex Ink Collection Unit (2-unit pack)**, a user-replaceable consumable that helps to ensure the full usage of the Maintenance Cartridge's cleaning cloth, independently of the printer's usage.

- This new Maintenance Cartridge solution is a big step towards HP's 2030 sustainability goals:
- ✓ Made up with at least 50% of recycled plastic¹.
 - ✓ With at least 50% more life than the current Maintenance Cartridge, reducing the number of replacements.
 - ✓ Use of carton-based recyclable packaging by removing foam endcaps.
 - ✓ Reduction of single-use plastics, reusing the shipment zip-lock plastic bag.
 - ✓ Included in the HP Planet Partners program².

- Starting in May 2025, the existing products will be discontinued (Discontinued SKUs), and new product numbers (New SKUs) will be available. See the following equivalence for compatibility:

Discontinued SKU		New SKU	
4UV99A	HP Latex Maintenance Cartridge	9T062A	HP 833 Latex Maintenance Cartridge
4UU96A	HP Latex Maintenance Cartridge	9T063A	HP 838 Latex Maintenance Cartridge
N.A.		9T064A	HP 833/838 Latex Ink Collection Unit (2-unit pack)

HP Distributors with the relevant Exhibit(s) for HP Large Format Production Supplies will be able to purchase the discontinued cartridges from HP for as long as supplies last. If stock remains after May 2025, HP may accept orders to sell the remaining inventory at its discretion.

- The printer compatibility for the new Maintenance Cartridges remains the same, adding the new Latex Ink Collection Unit as a common part, and including the new printer launches in April 2025:
